Date: Thursday, December 21, 2006 VIA TELEFAX

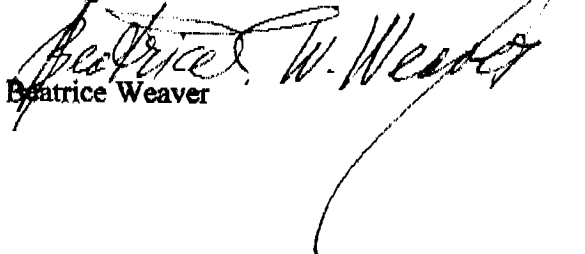

Mr. Dong:

Please be so kind and telefax me promptly today, a copy of Progress Energy's response that was to be filed "before noon" today. I anticipate Progress Energy's usual and customary illegal position.

Notwithstanding, I repeat my request to the Commission through your Office and position, to order Progress Energy to immediately comply with my request which is in conformity with the regulations, unlike Progress Energy's past actions.

Today, Dec. 21st, for five years now, Progress Energy has violated my consumer and constitutional rights under both Federal and State laws and regulations.

Thank you.
